

Hire of Club Registered Vehicles for Weddings, etc.

From time to time the Club and its Members receive requests to supply Vehicles for Weddings, School Formals and similar types of events for payment.

Unfortunately, due to the Guidelines under which the Club Registration Scheme operates we are unable to perform these types of services. The following clause 22 from the Act applies:

Commercial or ‘hire or reward’ use

Vehicles with Club Registration must not be used for any commercial or ‘hire or reward’ activities as outlined in the Commercial Passenger (Road) Transport Act 1991.

Owners should be aware that it is illegal to operate a vehicle for hire or reward unless it complies with the Commercial Passenger (Road) Transport Act 1991.

If ‘hire or reward’ activities are proposed, full registration and compliance with the Commercial Passenger (Road) Transport Act 1991 is required.

If Vehicle owners wish to, for example, transport friends or family members to any event, then they may do so, utilising one of the “Personal Use” days provided under the scheme, but this is a matter between the Vehicle owner and no reward is received.
